

# NO MORE KILLING

Anis 30.05.2009, www.anis-online.de, for Glenn's 80<sup>th</sup> birthday

Song # 110, G

**1.** In the land of the free there is no more killing  
and no threats to kill, and no bets to kill.

Like a bell in the night that is gently ringing, all the kids are singing it now.

We are cheerful and we are proud, that is part of what nonkilling is about.  
We vote for nonviolence, all the politicians, senators and presidents.

**2.** Come to the land where there's no more killing  
and no threats to kill, and no bets to kill.

How would you feel when there's no more killing, like a dream fulfilling at last.

We went all the way from a lethal tradition,  
from a deadly competition, from a killing coalition.

We went all the way from a lethal tradition,  
from a deadly superstition, from a killing coalition. It's a lethal tradition.

The world is a public space. I can read and hear you, I can see your face.  
If man needs to go to war, there's a place for that, but don't kill no more.

**3.** Come to the land where there's no more killing  
and no threats to kill, and no bets to kill.

How would you feel when there's no more killing, like a dream fulfilling at last.
